

Dear Agencies,

In reference to the announcement of the bankruptcy of some other members of the Thomas Cook Group we confirm Neckermann Hungary (N-U-R Neckermann Kft.), as a separate company according to the Hungarian commercial law, currently continues its normal, daily and operational activity. Neckermann Hungary is in a stable financial situation and continuously fulfils all its obligations and pays all invoices issued.

We have the positive news that Neckermann Hungary is operating as usual and we would like to manage all of our bookings to have all of our customers in order.

Please, help and ensure us to continue operating under the original contract conditions – included original fees – signed.

We have already solved and saved hundreds of booking with the assistance of our local agencies/partners for which we are grateful.

We appreciate your support so far and looking forward to our future cooperation.

Best regards,

Dr. Veronika Békefi

Managing Director of Neckermann Hungary
